

Allergen Information

JUNE 2025

We recommend that you always consult your doctor for questions regarding your diet as Burger King Corporation, its franchisees and employees, do not assume responsibility for a person's sensitivity or allergy to food provided in our restaurants. The allergen information provided is based on our suppliers' ingredient lists as of June 2025. Please note that normal kitchen operations may involve some shared cooking and preparation areas and utensils, and the possibility exists that your food items may come in contact with other food products, including other allergens. Products fried in a shared fryer include, but may not be limited to: Fish Filet, Pork Sausage, Royal Crispy Chicken Filet, Chicken Nuggets, Original Chicken Patty, Chicken Fries, Hash Browns, Mozzarella Fries, French Toast Sticks and Onion Rings. In Hawaii, Portuguese Sausage is also fried in a shared fryer. Our fryer oil contains: corn, canola, soy and/or cottonseed oils. Products toasted in a shared toaster include, but may not be limited to: Burger Buns, Sandwich Buns and Croissants.

🔥 Burger King Corporation makes no claim that the IMPOSSIBLE™ Whopper® or any other of its products meets the requirements of a vegan or vegetarian diet. The IMPOSSIBLE™ patty is cooked on the same grill as meat patties.

Test and Limited Time Only ("LTO") offerings may not be listed here. Product availability and nutrition information for some menu items may vary by location. We encourage anyone with food sensitivities, allergies, or special dietary needs to check www.bk.com on a regular basis to obtain the most up-to-date ingredient information before ordering.
